SUBJECT: Amendment to Hiring Process for Fulltime Firefighter/Paramedic

Background

The updated hiring approach approved by the SOFD Board in September 2024 represented a strategic shift toward fostering internal growth and development within the department. By prioritizing internal candidates and offering the opportunity for non-paramedics to become certified as part of their role, the SOFD is addressing recruitment challenges and creating a pathway for dedicated staff to advance their qualifications.

Key Changes in the New Hiring Process:

1. Internal Candidate Priority:
 - o This shift emphasizes promoting from within, which can improve employee morale and retention by offering career growth opportunities for current staff.
2. Paramedic Training Opportunity:
 - o Allowing new hires to complete paramedic training as part of their job requirements opens the candidate pool to talented firefighter/EMT's who are not yet certified paramedics, enabling the department to build its workforce while ensuring the necessary training is achieved.

Advantages of the New Approach:

- Improved Retention and Loyalty: Prioritizing internal candidates and supporting training development can foster a stronger commitment to the department.
- Expanded Candidate Pool: The flexibility to train firefighter/EMT's as paramedics helps mitigate recruitment challenges, especially in times of paramedic shortages.

Analysis

The hiring process approved in September by the SOFD Board is the much-needed step forward. An additional modification we can make to the hiring process to increase our success for finding qualified candidates is to make it a continuous and open process much like we do for Paid-on-Call members. The Mequon Police Department uses the same kind of process so if an opening occurs, we could potentially have a pool of qualified internal and qualified external candidates to choose from without any delay in filling a vacancy.

Fiscal Impact

Recommendation

Staff recommends the approval of the revised hiring process.
