Office of City Clerk

TO: Common Council
FROM: Caroline Fochs, City Clerk
DATE: April 13, 2022
SUBJECT: Official Newspaper

Background

The City of Mequon is a 4th Class City, and as such, must designate an official newspaper in which to publish public notices. Wis. Stat. 985.06(2) mandates that the Common Council, at its first meeting, shall designate one or more eligible newspapers. This newspaper must be published in the City or County and having a general circulation in the City, for the publication of Council proceedings and City legal notices. An eligible paper is one that:

- Is regularly and continuously published in the City at least two of the last five years
- Has paying subscribers of not less than 300 copies
- Has a publication appearing in regular intervals and at least once per week, containing reports of happenings of recent occurrences of a varied character

Analysis

The City of Mequon has two options for an official newspaper under these criteria; *News Graphic* and *North Shore NOW* (see rates below). *Ozaukee Press* was contacted but indicated they do not meet state standards due to the fact that its number of subscribers is less than 300.

	<i>News Graphic</i>	<i>NS NOW</i>
Paid subscription rates for Mequon 2021	1,358	3,489
Legal Notices: First insertion-per line. This is the charge for a publication that runs one time only, Class I notice.	\$.41	\$.87
Legal Notices: Second and subsequent insertions-per line. This is the charge for Class II or Class III notices, with multiple publications.	\$.32	\$.69
Display Ads: First insertion-per column inch cost.	\$5.42	\$10.41
Display Ads: Second and subsequent insertions-per column inch cost	\$4.28	\$8.22
Affidavits	\$1.00	\$1.00

As illustrated, the *News Graphic* is a more economical choice particularly for legal notices, which constitute the majority of the City's publication costs. Although *North Shore NOW* has a larger subscription base, from staff's perspective, the *News Graphic* has the added flexibility of two publications per week, as opposed to *North Shore NOW's* single publication. The following table illustrates examples of deadlines staff must adhere to when business with the City requires prior publication notice:

Type of Publication	Deadline for <i>News Graphic</i>	Deadline for <i>North Shore Now</i>
Land Use	32 days prior to CC meeting	36 days prior to CC meeting
Board of Appeals	14 days	20 days
Budget	12 days	19 days
Liquor License	12 days	19 days

The *News Graphic* has less of a lead time to publication, making City government more responsive than publishing with the *North Shore Now*. Publishing twice per week allows for a quicker turnaround on items that need publication such as public hearings and licensing, resulting in better customer service for residents and business owners.

Fiscal Impact

The majority of publication costs are public hearing notices, Common Council minutes, and ordinances, thus falling under the “Legal Notices” fees. The City does publish display ads throughout the year, but very few. The City incurred \$4,228 from March 2021 - March 2022 for publication costs of all legal notices. It is estimated that had the City chosen the *North Shore Now*, in 2021 that cost would have been approximately \$8173.

Recommendation

Staff recommends designating the *News Graphic* as the Official City Newspaper for the City of Mequon during the 2022-2023 legislative year.

Revised: November 2017

I am pleased to submit my application for district 8 *Architectural Board Member*. I feel I am in a great position to make a significant contribution to the Architectural board given my twenty-five years of experience as a local real estate broker and as an eighteen-year resident in district 8. I truly believe in the mission of the board that promotes and ensures residents of Mequon that residential properties be developed and/or remodeled in an aesthetically pleasing manner, which in turn plays a big role in maintaining property values throughout our community.

I would be pleased to speak with a member of the board to further explore how my real estate background and residency in Mequon will make be a valuable addition to the Architectural Board. Thank you for reviewing my application.

Sincerely,

Anthony LaGalbo

Qualifications for M-T Bikeway Commission

Over the past 30 years I have ridden most of the bike trails in Wisconsin. I have witnessed first-hand how they have provided recreation and economic benefits to the communities they pass through. Some, like our Ozaukee Interurban Trail, even offer many bicyclists the opportunity to commute to downtown for work.

My major qualification for a position on the M-T Bikeway Commission is that I am a rider. I believe that a bicycle is both a means of exercise and transportation. More people will participate in bicycling if it can be made safe and accessible. I think I can provide input to help achieve those goals if I am appointed to the Commission.

Community Groups

I have been a volunteer for Interfaith Caregivers of Ozaukee County for over 15 years providing respite care and transportation of seniors. I have served on their Volunteer Advisory Board. In 2014, I was a board member of the Wisconsin Association of Free and Charitable Clinics. I provided legal work to help set up this organization. In 2014, I became a Certified Application Counselor under the Affordable Care Act and provided enrollment services at the Albrecht Free Clinic in West Bend for two years.

Special Skills

Employee Benefits and Corporate Attorney for over 30 years.

Ken Maciolek

What qualifications would contribute to your role as a Board, Commission or and/or Committee member
(use additional paper if necessary):

I have over 11 years of experience in planning and project management and just under 2 year in federal construction management. My responsibilities have included facilities planning, budgeting, drafting requests for proposals, contracting, grant writing, report writing, technical advising, scheduling, project scope development, permit compliance and reporting, and quality assurance and documentation of contractor performance. Additionally, I have experience writing organizational plans, managing and overseeing research projects with regional government and academic institutions. Furthermore, I managed an outreach staff dedicated to engaging the public on planning goals. Finally, I have over 8 years of experience with state and federal permitting requirements and compliance reporting.

Have you been active in organized community groups in the past such as homeowners associations, referenda, and/or special interest groups (use additional paper if necessary):

I currently serve as a board member for the Northwest Side Community Development Corporation and I also head the Welcome Committee for the Huntington Park Homeowners Association. For my employment I also created neighborhood based outreach programs dedicated to stormwater management.

Periodically, the City may convene a committee on a temporary basis for a specific project. Do you possess any special skills that could be applied to a specific project (i.e. health care, benefits administration, human resources, economic development, communications, technologies):

I have degrees in environmental science and community sustainability. Additionally, I have a masters in Urban Planning. My work experience has been government related, specifically in sustainability, stormwater/open space management, and policy creation. I also have experience writing grants, managing contracts, managing construction projects, and developing public outreach programs.
